

The educational program of our church:

We have an active Sunday School program for students in grades K-8, a Sunday morning adult Bible Study group, Confirmation classes for ninth grade students, and specialized communion classes for students in the eighth grade.

Church-school curriculum:

We are currently using the Cook's Ministries Curriculum. The church-school curriculum is reviewed annually by the Christian Education Committee.

Confirmation resources:

The resources for confirmation are selected jointly by the Christian Education Committee and the Diaconate. Participation by the called minister would be welcome and greatly appreciated. Generally, our resources are obtained through the UCC web site.

Participation of the called minister in congregation's educational programs:

We will look to our new pastor to act as a spiritual advisor and work with the Christian Education Committee and the Diaconate to assist in providing requested programs (i.e. adult Bible study, children's sermons)

Evaluation of programs and ministries of our church

The various committees evaluate their own programs and responsibilities and discuss expressed suggestions and concerns.

Strengths and positive qualities of our church:

Our church provides opportunities for fellowship, education, and service. Our parishioners also demonstrate a sense of caring and respect for one another. In addition, based upon our recent data-gathering efforts, church members identify the following attributes:

- Dedicated memberships**
- Community spirit**
- Sunday School**
- Music**
- Beautiful building**

AS BEAUTIFUL ON THE INSIDE AS ON THE OUTSIDE
